

## Electronic prescriptions help you, your doctors and the environment

- You can help save NHS funds by nominating the pharmacy of your choice to receive your prescriptions electronically.
- **2 out of 3 patients on repeat medicines now receive electronic prescriptions.** Join them by choosing which pharmacy to collect your prescriptions from.
- **Did you know that the NHS spends a significant amount more money processing and storing paper prescriptions?** Choose electronic prescriptions to save you time, save NHS funds and help the environment
- **We're making things easier for you by sending your prescriptions electronically to your pharmacy, ready for you to collect your medicines.**
- **Over half of all prescriptions are now electronic.**

**All you have to do to start using the electronic prescription service is choose which pharmacy to collect your prescriptions from by completing the form [click link to download form in new window.](#)**
